the item of operating expenses invariably showing large increases over last year's figures.

The industrial specialties were the favorites in to-day's show of strength. Reports of large purchases of equipment by the railroads imply increased value for stocks in that group.

Their advance is a corollary also of the long rise in United States Steel, the market price of which usually bears an approximate ratio to that of companies which use steel in their production. A number of these have risen to record prices in emulation of the rise in United States Steel. The number of stocks touching record prices of this movement is gradually expanding, and now includes quite a list of industrial securities and minor failroads. The coppers had the benefit of a higher price for the metal in London, and also of rumors reported from London of a coming merger of the largest companies move oncerned in the mining, smelting and sale of copper.

Bonds were irregular; total sales, par value, \$6,021,000.

United States 4's registered declined 2.4 per cent. Time loans strong, sixty days 11.2 fgp er cent. Inding rate, 1 7-8; closing bid, 1 3.4; offered at 1.4 per feent. Time loans strong, sixty days from entire the strong at 1.4 per feent. Time loans strong, sixty days fills at 1.44 per feent. ### CHICAGO GRAIN MARKET.

CHICAGO GRAIN MARKET.

CHICAGO, Ill., August 4.—Wheat sold below the dollar mark on the Board of Trade to-day for the first time in several mouths, when December, which was liquidated on the prospects of a big crop in the Northwest, dropped to 39 ic. At the close the various options showed a not decline of from 1c. to 36 lec. Corn declined 3 60 lec. and oats finished weak. Provisions were steady,

SAILED.

Steamer Brandon, Harney, Norfolk, merchandise and passengers, old Dominion Line, Steamer Pocahontas, Graves, James Riverlandings and Norfolk, merchandise and passengers, Virginia Navigation Company, Steamer Aurora, Furman, Petersburg and James, River landings, merchandise and passengers, Phillips Line. and oats finished weak. Provisions were steady.

The selling at first came mainly from bears who were backing their judgment of a bumper crop in the Northwest. Even when prices dropped to an expert level the bulls waited to muster courage, although probably 1,69,600 bushels were sold abroad, and the cash demand from the seaboard was to be brisk. The reaction from the bottom was due to profit-taking by shorts. The story of the corn market was that of wheat over again, with the net losses greater. Western houses were sellers of the cash aerticl here. Considerable December and May corn went to exporters against sales for shipment in December and later. The East was said to be in need of corn for feding purposes.

Wheat buying oats there was to-day was chiefly of testing orders from shorts. Cash oats in the sample market were ½c lower. The shortage in the hog run West steaded the provisions market. Pork closed 2½,60 lby to hard the provisions market. Pork closed 2½,60 lby to have been finally discharged. The board of directors.

LONDON, August 4 .- Money was

plentiful and easy on the market today in spite of the calls for \$7,500,000,

and discounts were steady. Trading

steady with moderate investment buy-

ing at hardening prices among the gilt-edged securities, home rails and

foreigners, Paris supported the last

for checks.
